

INVO 5ft Switchable Batten

Introducing our new multi wattage and CCT switchable 5ft LED batten fitting. Simple dip switches on the driver allow you to choose the wattage (25/35/40/50W) and CCT (4000K/5000K). A sleek, versatile and easy to fit solution that offers high lumen efficiency of 150 Lumens per Watt. The very efficient LED means you can use a far lower powered LED fitting to produce equal, if not better, light levels than those already in place, coupled with our market leading 5 year warranty, you get peace of mind, fantastic lighting and incredible paybacks.
